

Arman, Ltd.

Arman, Ltd. is a diversified business in Vladivostok, Russia offering a wide range of industrial and agricultural products and services. Established in January 1991, Arman, Ltd. engages in exporting and importing, lumber logging and processing, manufacturing of fur garments, and the operation of a fishery that processes sea products from the Bering Sea and the Sea of Okhotsk.

A profitable company, Arman, Ltd. also finances social and economic development projects in the region. Arman, Ltd. independently financed the construction of a school in Koryak in the Kamchatka region. Other ventures included a folk dance group and a ski resort in Kamchatka.

Arman, Ltd. is working to expand its sphere of influence. Plans are being developed to invest in housing projects in the Russian Far East. In addition, the company plans to invest in oil and gas projects in Kazakhstan. Currently the company is active in Pacific Rim countries, CIS and the Russian Far East. Arman, Ltd. will also utilize its shipping company to export crab to the United States.
